

Martin Luther King High School NJROTC 2016 AFA CyberCamp

August 1-5, 2016

Sign up now!

What will students do at the AFA CyberCamp?

The AFA CyberCamp program is designed to excite students new to cybersecurity about STEM career opportunities and teach them important cyber defense skills through hands-on instruction and activities.

Through the camp, students will learn how to protect their personal devices and information from outside threats, as well as how to harden entire networks running Windows 7 and Ubuntu operating systems.

The AFA CyberCamp will culminate in an exciting final team competition that simulates real cybersecurity situations faced by industry professionals and mimics AFA's CyberPatriot National Youth Cyber Defense Competition.

Who can attend?

The curriculum is designed for High School and Middle School students new to cybersecurity. Veteran CyberPatriot Competitors may be considered to assist with the camp. The camp is limited to 60 seats. Initial quotas of two per high school and 4 per middle school will be used with a waiting list for additional seats.

When will the camp run?

Class will start promptly at 7:30 am and finish at 2:30pm

Where will the camp be held?

Bourns Technology Center
1200 Columbia Ave, Riverside, CA 92507

How can students sign up?

Please contact CDR William Lauper, USN (ret.) at wlauper@rusd.k12.ca.us for quotas.

Is there a fee to attend?

Thanks to our sponsors, there is no fee to attend this camp and lunch will be provided. Camp attendees are required to exhibit appropriate behavior at all times and are expected to attend each session.
